Take Care of 'Your' Customers: It Is They who feed 'Our' Families...

Storefront and Glass

Servicing your storefronts and glass has never been easier. You will appreciate the value we deliver with each repair. We service your facilities with the highest quality standards in the industry. No hassle, no excuses, just quality with our Storefront Service Team.

- Storefront glass replacement
- Manual door repair and hardware replacement
- Interior glass and mirror replacement

Overhead, Steel Doors and Hardware

Repairing your overhead doors, steel doors and hardware is our specialty. You can rely on us to complete each repair right, the first time. Regardless of the circumstances our Service Team is prepared to finish the job. We are the most efficient and professional service available.

- Metal door hardware repair and replacement
- Commercial overhead door repair and replacement

The Tracking System

FAST, PROFESSIONAL, COST EFFECTIVE SERVICE

In 3 Easy Steps

1 Site Survey before damage occurs:

We tag your assets with discreet ID stickers to stock your material specs before the emergency. Each unique ID number is used to inventory your facility's complete glass and door systems.

2 Facility assets are entered into the SSS Tracking System:

Your unique ID numbers are logged in the SSS system. All your pertinent asset repair information is stored in our warehouse.

3 Rapid replacement when damage occurs:

Just call with your ID number from damaged unit(s) and we access your materials. We respond immediately with express lead times to expedite repairs. Our 24 hour emergency team is on-call and ready to secure your facility 365 days a year!

The small translucent ID sticker only measures 1"x1.5" in actual size with white lettering. This unique ID number is the key to accessing all the pertinent asset repair information stored in the SSS Tracking System

FREE MEMBERSHIP- No contracts; Cancel anytime.

Pricing is guaranteed for 12 months

Save Time

Spend your time generating revenues not waiting for repairs! Eliminate costly steps of conventional estimating with every call. After your initial no-cost site survey, we already know what you need to secure your building faster! Call us with your ID number and we are on the way.

Rapid Response Schedule

- For calls placed by 10:00 AM today—We Service/Secure building same day (at daytime rates)
- For calls placed after 10:00 AM—We Service/Secure building following day by 12:00 PM (at daytime rates)

* For same day service after 10:00 AM refer to extended hours rates

Save Money

Your free membership is a cost effective tool for your company. Our goal is to save you money with every repair. The typical recurring labor charges that you would normally accrue for measurements are eliminated time and again with our Tracking System. You save money every time you call in an ID number. The savings add-up the longer you are a member.

Labor Pricing

- Daytime Hours: 7:00AM – 5:00 PM—\$129 per man/ per hour
- Extended Hours: 5:00 PM – 7:00AM—\$224 per man/1st 2 hours

* There is a 2 hour minimum for Extended Hours Service

**Materials not included
